

Psychiatric Mental Health Nurse Practitioner (PMHNP) MSN Program

Advance your nursing career with Schreiner University's flexible online MSN–PMHNP program. Designed for working nurses, this program builds advanced expertise in mental health care across the lifespan. Through supervised clinical experiences and real-world psychiatric case learning, students develop the skills to assess, diagnose, and treat patients in a variety of mental health settings.

100% Online

We offer our small online class sizes so professors are accessible to students. In this format, you will gain a deep understanding of the subject matter.

No Entrance Exam

Our Admissions application doesn't require the GMAT or GRE. We streamline the application process so you can get started on your MSN quickly.

Full or Part-Time

Most MSN graduates earn this degree in as few as 18 months. There is a full- or part-time option for those entering the program with an RN degree.
